Subject: Gold Canyon Sewer ruling was egregious!!!
Importance: High

Dear Commissioners:

I am writing you today to implore you to look at the Gold Canyon Sewer ruling again. This nearly doubling of their rate is just down right egregious! At the current rate of \$35 the rate is one of the highest in the entire country, and to approve nearly doubling that rate is just criminal. There is no way that the current residents should take on the burden of this increase; it should be paid by impact fees and new hook-ups, not by existing residents. Additionally, in most cases, the sewer rate is based upon water consumption, so how is it fair to charge a single person the same as a family of 4-5? That's insane!

Again, I implore you to look at this case again as soon as possible. Please inform me of your decision.

Thank you for your consideration.

Best regards,
Mike
